# OUR VISION & MISSION

---

## OUR MISSION

To provide reliable, safe, and professional elevator and laser cleaning services to buildings across South Africa. We are committed to quality workmanship, fast response, and long-term solutions that meet the needs of our clients and their infrastructure.

## OUR VISSION

To become a trusted name in South Africa for elevator installations, maintenance, and surface restoration by delivering consistent results, creating jobs, and raising the standard of service in our industry.

# OUR SERVICES

**KHULA ELEVATORS**  
BUILT TO RISE. POWERED BY TRUST.

We offer practical, hands-on services for clients who need elevators that work and equipment that lasts. Our work covers full installations, repairs, modernisation, shaft maintenance, and laser cleaning. Whether you are starting a new project or fixing an old one, we are ready to assist.

## 1. Elevator Installations and Modernisation

We supply and install elevators for residential flats, commercial buildings, and industrial sites. Our installation service includes planning, fitting, testing, and handover. For older systems, we offer elevator modernisation to improve safety, performance, and design.

- Installation of new lifts and escalators
- Modernising old elevator systems
- Upgrading panels, doors, motors, and controls

## 2. Repairs and Maintenance

We repair faulty elevators and escalators, replace damaged parts, and run inspections to keep everything in safe working condition. Our team responds quickly to breakdowns and carries out work to meet safety standards.

- Emergency elevator repairs
- Routine maintenance
- Fault finding and system checks
- Replacement of worn-out components

## 3. Shaft Derusting and Laser Cleaning

We offer a professional derusting and painting service for elevator shafts, extending the life of equipment and protecting it from corrosion. We also use advanced laser cleaning technology for industrial and surface cleaning needs.

- Rust removal and repainting of shafts
- Laser cleaning for steel, machinery, tools, and engine parts
- Surface preparation before welding or coating
- Non-abrasive removal of paint, grime, and contaminants

# WHY CHOOSE KHULA ELEVATORS

We know there are many companies offering similar services, but few take the time to do it right, from start to finish. At Khula Elevators, we focus on doing the job properly, using the right tools, and keeping our clients informed at every step.

Here is why clients choose us:

## **1 We Get the Job Done Right**

No shortcuts, no guesswork. We work with trained hands and proven systems to make sure every lift we install or repair is safe and working properly.

## **2 Quick Turnaround Without Compromising Quality**

We know how frustrating delays can be. That is why we respond fast, work smart, and deliver on time, without cutting corners.

## **3 Extra Services, One Team**

From laser cleaning and derusting to full modernisation, you do not need to hire multiple contractors. We cover it all under one roof, saving you time and money.
