Hello.

They say cash flow is the heartbeat of every business.

Without proper accounting, SARS takes more than it should, penalties pile up, and that heartbeat fades.

At **FirstPlace**, we believe that every number counts. From keeping you compliant with SARS to guiding business growth, our expertise in accounting, audit, tax, and advisory ensures accurate, reliable solutions that help businesses survive, scale, and succeed.

Who We Are

FirstPlace Assurance & Advisory was founded in 2020 by Tumelo Makgakga CA (SA), who left his management role at PwC to establish a firm dedicated to providing accounting, audit, tax, and advisory services that are accessible, reliable, and growth-focused.

Tumelo began his career at KPMG South Africa, where he completed his articles before joining KPMG UK in London for international assignments. He later advanced at PwC South Africa, serving JSE-listed clients and building expertise across industries. This experience gave him the foundation to create FirstPlace, a firm that combines global exposure with deep local knowledge.

Since its establishment, FirstPlace has grown into a B-BBEE Level 1 professional services firm, employing skilled professionals and contributing to economic empowerment by creating opportunities for individuals from disadvantaged backgrounds.

FirstPlace specialises in working with Small to Medium-Sized Businesses. The firm and its staff have a deep understanding of the unique challenges and opportunities these businesses face on a daily basis. The firm has a strong culture of problem solving, and finding solutions isn't just a task they perform—it's at the core of their identity.

FirstPlace operates on accuracy, trust, and efficiency. Its role is to reduce risk, protect value, and enable businesses to succeed with confidence.

At **FirstPlace Assurance & Advisory**, our work is guided by a clear vision and a focused mission.
